SPECIALTY CLASSES

June 28-Aug. 19, 2017

SPINSPIRATIONS: Now that you have solid basic spins, it's time to "rev" them up with new positions and variations. Turn your scratch spin into a layback or haircutter, your sit spin into a cannonball or pancake, and your camel into a donut. The possibilities are as unlimited as your imagination – and your balance! **Free Skate 3 & up.**

POWER AND ICE DANCING: This 45-minute class will include full-ice cardio to build endurance, plus an introduction to ice dancing. Skaters will learn ice dance terminology and technique, will learn at least two ice dance patterns, and will complete the Learn to Skate USA Ice Dance 1 badge. **Pre-Free Skate & up.**

AXEL UP!: That Axel can be a real bugger! Is it the only thing keeping you from passing Free Skate 6? Are you ready to start working on higher-level jumps? This class will focus on Axels, plus preparatory exercises for Double Salchow, Double Toe Loop, and Double Loop. The on-ice harness will be used in this class. **Free Skate 6 & up.**

THEATRE ON ICE: This class will incorporate the TOI elements of choreography, skating movements, and synchronized movement between skaters. Expressive styles will be explored as skaters earn badges for the Learn to Skate USA Theatre on Ice curriculum. Chaparral Ice will be forming a Theatre on Ice competitive team in the near future, so this is a great chance to see if this team activity is right for you. **Pre-Free Skate & up.**
